STATEMENT OF OBJECTS AND REASONS.

The law relating to tolls on public roads and bridges in British India is now contained in five Acts of the Legislature. The Bill brings these provisions within the scope of a single enactment. The first Act passed was Act VIII of 1851, which applied in the first instance to the territories administered by the Governor of the Presidency of Fort William in Bengal, the Lieutenant-Governor of the North-Western Provinces, and the Governors of the Presidency of Bombay and of Fort Saint George in Council. As regards Bombay the Act was repealed by the Bombay Tolls Act, 1875, which regulates the levy of tolls in that Province. Act XV of 1864 gave power to extend that Act and the Act of 1851 to the Local Government. The Indian Tolls Act, 1888, declares that the Acts just cited were in force in the Punjab. The only other Act that need be referred to is the Lansdowne Bridge Act, 1892. The Lansdowne Bridge is a bridge over the Indus which was made and repaired at the expense of the Government of India. Owing to the repeal by the Bombay Act previously referred to, doubts arose as to the power to levy tolls on this bridge. These were set at rest by the Lansdowne Bridge Act, and opportunity was taken at the same time to give general power to the Governor General in Council to levy tolls on bridges and roads made at his expense. It has been ascertained that tolls are no longer levied on the Landsdowne Bridge, and the specific provisions therefore regarding that Bridge have been repealed. The general provision is however reproduced as clause 11 of the Bill. It is perhaps necessary to explain that it has not been found possible to include the provisions of the Indian Tolls (Army) Act, 1901, in the present consolidation. The law consolidated only relates to tolls on roads and bridges, while the scope of the Act in question is far wider and cannot be incorporated in the present Bill.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill has been introduced in the Legislative Assembly :—

A Bill to make provision for the better management of Hindu religious and charitable trust property and for ensuring the keeping and publication of proper accounts in respect of such properties.

WHEREAS it is expedient to make provision for the better management of Hindu religious and charitable trust property and for ensuring the keeping and publication of proper accounts in respect of such properties; It is hereby enacted as follows :—

Preliminary.

Short title, extent and commencement.

(*2*) On such application being made, the Court may, after making such inquiry, if any, as it thinks fit, if it is of opinion that any further particulars or documents are necessary in order that full information may be obtained regarding the origin, nature or objects of the trust or the condition or management of the trust property, cause to be served on the trustee an order requiring him to furnish such particulars or documents within such time as the Court may direct in the order.

(*b*) apply in the case of any trust the property of which—

(*i*) is being administered by the Treasurer of Charitable Endowments, the Administrator General, or the Official Trustee ; or

(*ii*) is being administered either by a receiver appointed by any Court of competent jurisdiction, or under a scheme for the administration of the trust which has been settled or approved by any Court of competent jurisdiction or by any other authority acting under the provisions of any enactment.

13. The Local Government may, by notification in the local official Gazette, exempt from the operation of this Act or of any specified provision thereof any trust or trusts created or administered for the benefit of any specified section of the Hindu community.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to make better provision for the management of Hindu Trust properties throughout India. It closely follows the language of the Mussalman Wakf Act of 1923 which makes a similar provision for the management of Mussalman wakfs. The reasons which have led the Legislature to pass the Mussalman Wakf Act apply *a fortiori* to Hindu religious and charitable trusts and, as the Central Legislature has protected the trusts of one community, it is necessary that it should also protect the trusts of the other community.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st February 1924 :—

No. 2 of 1924.

A Bill further to amend the Indian Coinage Act, 1906, for certain purposes.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— III of 1906.

Short title.

1. This Act may be called the Indian Coinage (Amendment) Act, 192 .

Amendment of section 15, Act III of 1906.

2. In clause (*b*) of sub-section (*1*) of section 15 of the Indian Coinage Act, 1906 (hereinafter referred to as the said Act), for the words "notwithstanding anything contained in this Act or in any Act hereby repealed, but subject" the following shall be substituted, namely :— III of 1906.

"subject only to the provisions of section 15A and".

Insertion of new section 15A in Act III of 1906.

3. After section 15 of the said Act the following section shall be inserted, namely :—

Power to call in coin.

"15A. Notwithstanding anything contained in section 12, section 13, section 14 or section 15, the Governor General in Council may, by notification in the *Gazette of India*, call in, with effect from such date as may be specified in the notification, any coin, of whatever date or denomination, referred to in any of those sections, and on and from the date so specified such coin shall cease to be a legal tender save at a Government currency office :

Provided that the Governor General in Council may by the notification specify any later date up to which such coin shall continue to be a legal tender at any Government treasury."

STATEMENT OF OBJECTS AND REASONS.

The attention of Government has been drawn to the omission in the Indian Coinage Act, 1906, of any provision, such as exists in the English Coinage Act, for power to withdraw the legal tender attribute of coin. The result is that coin once legal tender is always legal tender under the Indian Law. When on occasion it becomes necessary to prevent the circulation of counterfeit coin of any particular denomination, the only action possible at present is to discontinue the re-issue of coin of that denomination from treasuries and currency offices, as has recently been done in the case of the 8-anna nickel coin, but this process is not completely effective since coins that do not come into the treasuries and currency offices continue to circulate as legal tender. It is therefore proposed, on the analogy of section 11 (5) of the English Coinage Act, 1870, to take power to withdraw, by notification, the legal tender attribute of coin of any denomination or date except the gold coins which are dealt with in section 11 of the Indian Coinage Act, 1906. This provision should, in the event of excessive counterfeiting of any particular denomination of coin, enable action which should effectually stop the circulation of counterfeits and should ensure a prompt withdrawal of the genuine coin. The right of the holder to obtain value for any genuine coin in his possession, even though it has ceased to be legal tender, is secured by the specific provision in the Bill that coin once issued shall always be legal tender at a currency office.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

NO. 10 OF 1924.

A Bill to provide that, when fire-arms are used for the purpose of dispersing an assembly, preliminary warning shall, in certain circumstances, be given.

WHEREAS it is expedient to provide in the manner hereinafter appearing that warning shall, in certain circumstances, be given before an assembly is fired on for the purpose of causing such assembly to disperse; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 192 .

Insertion of new section 131A in Act V of 1898.

2. After section 131 of the Code of Criminal Procedure, 1898, the following section shall be inserted, namely ;— V of 1898.

Use of fire-arms.

"131A. Where under the provisions of this Chapter any person proceeds or determines to disperse any such assembly by the use of fire-arms the following rules shall also be observed :—

(*1*) Fire-arms should be used only if such assembly cannot otherwise be dispersed, and no fire-arms should as a rule be used except on the written authority of a Magistrate of the highest class available on the spot : Provided that, when immediate measures should be taken to prevent imminent danger or injury of a serious kind to the public, the seniormost Police or Military officer present on the spot may give the written authority instead and the same shall be communicated to the nearest Magistrate forthwith.

(*2*) Before the assembly is fired upon the fullest warning should be given by all available means to the assembly that, unless it disperses within a given time, it will be fired on.

(*3*) The person given the authority to fire shall ordinarily give such interval between the warning and firing as he considers sufficient in all the circumstances of the case.

(*4*) A full report of the occurrence shall be made in all cases when such assembly is dispersed by the use of fire-arms to the nearest first-class Magistrate within twenty-four hours of the occurrence, and such report shall be a public document.

(*5*) If the person is himself a first-class Magistrate, his report shall be made to the District Magistrate, and, if the person is a District Magistrate, his report shall be made to the Local Government.

(*6*) Notwithstanding anything contained in section 132, any person injured by the use of fire-arms or any parent or guardian, husband or wife of a person killed by the use of fire-arms may make a complaint against any person for any offence committed by him by reason of any act purporting to be done under this Chapter."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to the principles stated in the Resolution moved by the Hon'ble Mr. V. Srinivasa Sastri on the 3rd March 1921, in the Council of State, viz., that when fire-arms are used for the purpose of dispersing an assembly, preliminary warning should be given and certain procedure should be adopted.

A Bill to give effect to a portion of the Resolution was introduced in the Council of State by the Government of India and passed there in August 1921. When the Bill as passed by the Council of State was presented to the Assembly for consideration, I then gave notice of the amendment as contained in this draft. The Hon'ble the Home Member took permission of the House in September 1921 to withdraw his motion in order to consider the amendment and bring it up again, if so advised. The Government decided to drop the Bill altogether, and did not make any further motion. It is necessary and desirable that legislative safeguards should be provided against the indiscriminate use of fire-arms for the purpose of dispersing an assembly.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Rabi Crops of Bengal for 1923-24.

(NOTE.—On an average of the five years ending 1921-22, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in September and October was sufficient for field operations and for the sowing of early varieties, which began at the normal time. Slight showers during the first half of November helped germination, but since then almost continuous drought has seriously affected the growth of the crops in many parts of the province. Light rainfall in January, though favouring the transplantation of summer paddy to some extent, was inadequate to materially improve the prospects of other crops. Moreover, summer rice now needs good rain. On the whole, the season has been an unfavourable one.

Acreage.—The normal area under the different *rabi* crops in the province dealt with in this forecast is estimated at 2,999,300 acres. The area actually sown this year is reported to be 2,617,500 acres against 2,787,200 acres last year. Of this the area under summer (*boro*) rice is returned at 407,900 acres against 403,200 acres of last year.

Outturn.—According to the estimates of District Officers the outturn of the different *rabi* crops for the province as a whole works out to 74 per cent. of the normal against 79 per cent. of last year, the returns from the more important *rabi* districts being as follows :—

Nadia 56, Murshidabad 60, Jessore 50, Khulna 77, Burdwan 73, Midnapore 66, Rajshahi 55, Jalpaiguri 93, Rangpur 100, Pabna 50, Malda 78, Dacca 76, Mymensingh 60, Faridpur 82, Bakarganj 88, Tippera 77 and Noakhali 100.

Summer rice crop.—The outturn of summer rice according to district estimates is 75 per cent. of the normal against 80 per cent. last year. The gross yield of the crop for the province, on the basis of a normal yield of 14 maunds of clean grain per acre, is thus estimated at 157,300 tons this year against 165,900 tons last year.

Director of Agriculture, Bengal (*offg.*).

Election Case No. 3/7 of 1924.

Maulvi Mahmud Suhrawardy

versus

Maulvi Zunoor Ahmed.

Report.

This is a petition of Maulvi Mahmud Suhrawardy against the election of Maulvi Zunoor Ahmed from the Burdwan Division South (Mahomedan) Constituency. The latter was elected by the narrow majority of three votes. The petitioner asked for a scrutiny and recount on certain grounds. The respondent filed a recrimination petition under Rule 42 of the Bengal Electoral Rules after depositing the security required under Rule 35 and intimated that he would give evidence that the election of the petitioner would have been void if he had been the returned candidate.

Issues were framed and witnesses examined. We were considering whether the petitioner had made out a *primâ facie* case for a scrutiny and recount when the petitioner filed an application for leave to withdraw from his petition. The respondent did not oppose the petition of withdrawal. He in his turn gave up his petition of recrimination. The parties agreed to bear their own costs.

The petitioner stated that he was in bad health and that he realised that his petition involved a prolonged enquiry, which he was unable to attend to. We examined the petitioner and the respondent and we are satisfied that the petition of withdrawal has not been induced by any bargain or consideration. We therefore allow the petition to be withdrawn. We recommend that the parties should bear their own costs.

G. N. ROY,
G. B. MUMFORD,
GIRINDRA NATH MUKHERJEE,
Commissioners.

Election Case No. 2 of 1923.

Rai Bahadur Biswcswarlal Halwasya

versus

Babu Rung Lall Jajodia.

REPORT.

The facts leading up to the present election petition are as follows:—The Bengal Marwari Association of Calcutta, an Indian Commerce Special Constituency, was called upon to elect a member to the said Legislative Assembly. The 8th October 1923 was fixed as the date for the nomination of candidates, and 11th October 1923 as the date for the scrutiny of the nominations for the said Constituency. Babu Rung Lall Jajodia was the Joint Secretary of the Marwari Association. The Joint Secretary of the Marwari Association was specified in the second column of Schedule I of the Bengal Legislative Assembly Electoral Regulations as the Returning Officer. The Personal Assistant to Secretary, Bengal Marwari Association, was specified in the third column of Schedule I as the person authorised to perform all or any of the functions of the Returning Officer. It appears that Babu Rung Lall Jajodia was also the registering authority and the electoral rolls were originally prepared by him. In the Marwari Association, firms and companies are members and many of these were put on the electoral roll. Apparently about two-thirds of the names, roughly speaking, on the roll are those of firms while the remaining names are those of individuals. On the 7th October Babu Rung Lall Jajodia resigned his office as Joint Secretary of the Marwari Association. He sent also a telegram to the Government of Bengal resigning his office as Returning Officer. On the 8th October there were only two candidates, the petitioner and the respondent Babu Rung Lall Jajodia. The nomination papers were received by the Personal Assistant to the Secretary. The nomination paper of the petitioner Rai Bahadur Biswcswarlal Halwasya was subscribed by himself. The proposer and seconder were, however, two firms whose names appeared on the electoral roll, viz., Messrs. Hurmukhrai Sanairam and Messrs. Shewdayal Ramjeedas. The senior partners of these firms signed the names of the firms on the nomination paper. On the 11th—the date of the scrutiny—objection was raised by the respondent that the petitioner's nomination was bad inasmuch as the nomination paper had been subscribed by two firms and not by individuals as proposer and seconder. The petitioner in his turn challenged the nomination of the respondent on the ground that, the latter himself being the Returning Officer of the Constituency, he was not eligible to stand as a candidate. Babu Jatindranath Banerjee, the Personal Assistant to the Secretary, Marwari Association, overruled the objection of the petitioner and upheld the objection of the respondent and he declared Babu Rang Lal Jajodia as duly elected from the Constituency. The petitioner thereafter filed his present application. His contention is that firms can be electors and can vote and firms can nominate a candidate for election. It is also pleaded that the respondent was not entitled to resign his office and stand as a candidate. It is further contended that if he could and did resign, the Constituency was without a

Returning Officer and that therefore Babu Jatindranath Banerjee acted without jurisdiction. It is pointed out that the Bengal Government had no authority in this election matter and the telegram to the Government of Bengal is of no value. It is shown that the office of the Returning Officer was not filled up by the Government of India till the 27th October 1923. It was stated that the office of the Joint Secretary of the Marwari Association has not yet been filled up.

The following issues were framed by us:—

1. Up to what date was Rang Lal Jajodia a Returning Officer?
2. Can a Returning Officer be a candidate for election?
3. If there was no Returning Officer after the 7th October, what was the effect on the election proceedings?
4. Was there any acquiescence in the proceedings before Babu Jatindranath Banerjee on the part of the petitioner? If so, what would be its effect?
5. Was the nomination paper of the petitioner in order?

Issue No. 1.—It was argued that the Marwari Association had not accepted the resignation of Babu Rang Lall Jajodia. It does not seem that the acceptance of resignation is necessary. Subject to any provisions in the rules to the contrary, a member may resign at any time and he ceases to be a member (Halsbury, Vol. IV, p. 414) "A member may retire at any time and he ceases to be a member" (1896, 1 Chancery, p. 409). Questions may arise about his liability but that is a different matter. It is not shown that there is anything in the rules of the Marwari Association which prevented the respondent from resigning his office as Joint Secretary. He was appointed Returning Officer not by name but by virtue of his office. Our conclusion therefore is that Babu Rang Lal Jajodia ceased to be Returning Officer after the 7th October.

Issue No 2.—There is nothing in our Electoral Rules and Regulations which bars a Returning Officer from standing as a candidate. The matter has been placed on a statutory basis now in England and perhaps this should be done in India. The Rule is that when a Returning Officer stands as a candidate he must refrain from doing anything in such capacity. It is not said that the respondent did any act as Returning Officer after his resignation. It may be said that he should have resigned before. Parker at page 6, summarises the English Law—" If all the duties of Returning Officer are discharged by the acting Returning Officer the former is not disqualified for being a candidate by reason of being Returning Officer". Our answer therefore is in the affirmative.

Issue No. 3.—There was no Returning Officer on the 8th October 1923 in this Constituency. Under Schedule I of the Regulations however Jatindranath Banerjee was empowered to do all the duties of the Returning Officer. It is pointed out that under Regulation 3 he could only act under the control of the Returning Officer and that he could not receive nomination papers and hold a scrutiny unless the Returning Officer was 'unavoidably prevented' from performing these functions. The words in an English case were "incapable of acting" and Lord Campbell thought that they might cover a case of this kind. Queen *vrs.* Owens, Vol. 121, English Reports, p. 36. The Personal Assistant had not usurped the office. He took up his duties when the Returning Officer became incapable of acting. "Want of title in the person acting as Returning Officer will not vitiate an election which is otherwise valid". Parker, p. 61. "Elections made under usurping Returning Officers when there has been the form of an election have been uniformly supported" (Heyw Bo. 62). Turning to the Bengal Electoral Rules it would appear that noncompliance with the Rules and Regulations is not enough. The petitioner has to show that the result of the election has been materially affected by such noncompliance. If the petitioner's nomination was bad, his name goes out on that ground. If the nomination was good he succeeds on that ground and not by reason of the fact that the Personal Assistant acted as the Returning Officer. We hold therefore that the petitioner cannot succeed on this ground.

Issue No. 4.—It does not seem necessary to discuss the question of acquiescence in the form raised in the issue and we therefore refrain from entering into it.

Issue No. 5.—This is the main controversy in the case. It would appear that before the Returning Officer it was taken for granted that firms could be on the Electoral Roll but the contention was raised that the proposer and seconder under the Rules and Regulations must appear on the roll as a natural person. It is conceded by the learned Vakil that a candidate must be a natural person. While investigating the matter it was borne upon us that the question went to the very root of the matter and that it is necessary to decide whether firms can be registered on the Electoral Roll at all.

A similar question was raised in the Election Petition of Babu Amulyadhone Addy against the election of Mr. Byomkesh Chakravarty from the Bengal National Chamber of Commerce Special Constituency to the Bengal Legislative Council. The report of the Commissioners has just been submitted in that case. Two of us were parties to the report. We think it unnecessary to discuss the question again at length. We append hereto a copy of a report in that case which we accept and approve.

There is some difference in the Schedule II which gives the qualifications of the electors. The residence clause is not there. In the explanation the words "if no such partner is present in Calcutta at the date of the election" are not mentioned. Schedule II, paragraph 9, stands thus— "Members of.....the Marwari Association shall be qualified as electors..... for the constituency comprising the association of which they are members."

"*Explanation.*—For the purpose of this paragraph 'member' includes any person entitled to exercise the rights and privileges of membership on behalf and in the name of any firm, company or corporation registered as a member." We are of opinion that the Legislature laid it down how the firm can be represented on the electoral roll, viz., by a partner, member of the firm, director and so on. It was argued that firms are members of the Marwari Association and that Schedule II, paragraph 9 does not exclude firms. We must however read the Schedule II along with the other rules and they clearly lay down that it must be a natural person representing the firm who can be on the Electoral Roll or who can exercise the right to vote and to nominate. The disqualifications mentioned in Rule 7 can be predicated only of a natural person and Rule 7 governs Rule 8 (*2*). The learned Vakil is forced to concede that the candidate for election must be a natural person seeing that he must give his own name and his father's name and state his age and when elected he must take the oath. The cases of the elector and the proposer and the seconder stand on the same footing. We think that the word "person" has the same meaning in all these Rules and Regulations and that it means a natural person. Rule 11 (*4*) lays down that "any person whose name is registered in the Electoral Roll of the Constituency and *who is not subject to any disability stated in Rule 7* may subscribe as proposer and seconder....." In the present case the proposer and seconder were firms. We hold that they must be individuals or natural persons. The nomination paper of the petitioner was not in order and we think it was rightly rejected.

The learned Vakil contended that the Electoral Roll was final not only for the Returning Officer but also for this court and he referred to Regulation 20 (*2*) and to the case of Stowe *v.* Joliffe. The last case merely is an authority for the proposition that the Election Court cannot go behind the Electoral Roll in considering the qualifications. It is open to the court and it is the function of the court to see whether disenfranchisement would occur in the cases of persons prohibited from voting, etc., by the Statute. Regulation 20 does not stand in our way. Regulation 20 (*2*) (*a*) is explicit and we have still to see whether the proposer and seconder is disqualified under Sub-Rule (*4*) of Rule 11. To say that we are concluded by Regulation 20 is simply to beg the question as to whether a firm is an elector.

The authorities who framed the Electoral Rolls in these Commerce and Industry Constituencies apparently proceeded upon the fact that because firms and companies were members of the Chamber or Association they were entitled to be on the Electoral Roll. We have examined the Rules and Regulations from every point of view and the conclusion is irresistible that it was not contemplated by the legislature that an elector can be other than an individual and that it was intended that the firms would exercise their franchise through a member or partner or representative who would be on the Electoral Roll.

Our conclusion therefore is that the nomination paper of the petitioner was rightly rejected and the respondent the returned candidate was duly elected.

The election petition must therefore be dismissed. There remains the question of costs. We were reminded of the fact that it was the respondent who was the registering officer in this Constituency and that it was at the last moment that he resigned his office and stood as a candidate and raised objections to the petitioner's nomination. In these circumstances we recommend that the parties should bear their own costs.

Election case No. 8 of 1924.

Amulya Dhone Addy
versus
Mr. Byomkesh Chakravarty.
Raja Reshee Case Law, C.I.E.
Mr. Murali Dhar Roy.

REPORT.

This election petition concerns the Bengal National Chamber of Commerce Special Constituency. It appears that a number of firms are members of the Bengal National Chamber of Commerce. When the Electoral Roll of this Special Constituency was prepared, 118 firms or companies were placed on the roll out of a total of 180. Sixty-two persons were entered by their names as electors. There were four candidates on the date of the election to the Bengal Legislative Council. Mr. Byomkesh Chakravarty and Raja Reshee Case Law obtained a majority of votes and were declared elected. The petitioner was an unsuccessful candidate. He filed the present application making the other three candidates parties. There was no allegation against Raja Reshee Case Law and Mr. Murali Dhar Roy, the respondents Nos. 2 and 3. Mr. Murali Dhar Roy did not appear. Raja Reshee Case Law appeared on the first date but as the petition was not pressed against him he was allowed to depart.

The petition proceeded only against Mr. Byomkesh Chakravarty. The main contention raised by the petitioner is that Mr. Chakravarty is not entitled to be a candidate by reason of the fact that his name does not appear on the Electoral Roll, though the Bengal National Bank Limited of which he is a director is on the roll. The petitioner also pleaded that firms and companies are not entitled to be registered as electors in the Electoral Roll and all votes purporting to have been exercised on their behalf ought to be rejected. Certain other allegations were made, but it is not necessary to mention them as they were not pressed. The reply of Mr. Byomkesh Chakravarty is that the petition is out of time, that the petitioner, not having objected to his nomination at the scrutiny of the nomination papers, has waived his right to question the nomination and election, that the Bengal National Bank Limited is an ordinary member of the Constituency known as the Bengal National Chamber of Commerce Constituency and is therefore rightly registered as an elector and that he as Director of the aforesaid Bank is duly qualified to be nominated and elected and returned as member of the Bengal Legislative Council. It was mentioned that in other Commerce and Industry Constituencies firms and companies are registered as electors in the rolls of such constituencies. The following issues were framed by us :—

(1) Is the petition barred by time ?

(2) Was Mr. Byomkesh Chakravarty properly nominated in view of the fact that his name does not appear in the electoral roll ?

(3) Were there any votes improperly received—

(1) either because they were votes given by firms and companies ?

(2) or because the votes were tampered with ?

(4) Was Regulation LVI complied with ? If not, was the result of the election materially affected thereby ?

At the time of the hearing the petitioner gave up issues 3 (2) and 4 but an additional issue was framed as follows :

(5) Has the petitioner waived his right, if any, to question the nomination, election and return of the respondent ?

Has he acquiesced in the correctness of the Electoral Roll and is he precluded from now questioning its correctness ?

Issue No. 1.—The election petition was filed on 2nd January 1924. Mr. Chakravarty filed the return of his election expenses on the 14th December 1923. It appears that the intervening days between the 28th December 1923 and 2nd January 1924 were notified by the Local Government as days to be observed as holidays in Government Offices. We have examined the notification and we have no hesitation in holding that the petition is in time.

Issue Nos. 2 and 3.—Rule 8 (2) of the Bengal Electoral Rules states that the qualifications of an elector for a special Constituency shall be the qualifications specified in Schedule II in the case of that Constituency. Turning to the Schedule II, 13 (2) we find that "*life* and *ordinary* members of the Bengal National Chamber of Commerce..... shall be qualified as electors for the Constituency comprising.....the Chamber of which they are members."

Provided *that no person shall* be so qualified *who has not a place of residence* in India.

There is an explanation which runs :—

" Explanation—Member, life member, ordinary member include—

(*a*) in the case of a firm, any one partner in the firm, or if *no such partner is present in Calcutta at the date fixed for the election* any one person empowered to sign for such firm, and

(*b*) in the case of a company or other corporation any one manager, director or secretary of the company or corporation."

These qualifications are not enough to get the elector on the Electoral Roll. To be entitled to have his name registered " the person " must have the above qualifications and must not be subject to the disabilities of minority, lunacy and so on. Rule 7 (1) governs

Rule 8 (2). Rule 10 again lays down that the person registered on the Electoral Roll shall be entitled to vote, but not if he is subject to the disabilities mentioned in Rule 7. Rule 6 (*b*) says that no person shall be eligible for election as a member of the Council to represent a special Constituency *unless his name is registered on the Electoral Roll* of the Constituency and to be fit for election under Rule 5 he must be a British subject, not a female nor a lunatic nor a bankrupt nor an unpardoned ex-convict and so forth. Various other Rules and Regulations including Regulation XV have been referred to and have been considered by us. We cannot but come to the conclusion that the legislature intended that it was a natural person who should have the right to be on the roll and to vote or nominate or be a candidate. We had the advantage of hearing the learned Advocate General in the case and he has admitted that if the word "person" is construed strictly the idea of a firm being on the Electoral Roll must be discarded. We cannot go to the General Clauses Act or the English Interpretation Act for the proposition that a person includes an association. It is our duty to construe the law in question here. It is an accepted canon of construction that unless there is something in the context to the contrary, the same word has the same meaning. The explanation in the schedule means no more than that a firm must exercise the franchise through a partner or representative. It seems that by the constitutions of these Chambers and Associations firms and companies can be members of these bodies, but we do not consider that the legislature intended to put firms and companies on the Electoral Roll.

Learned Counsel Mr. H. D. Bose appearing for Mr. Chakravarty wished us to lay stress on the Schedule II, paragraph 13 and he contended that firms and campanies can come in. He argued that since firms can be on the Electoral Roll and persons who make up the firm are on the Electoral Roll and that therefore a partner can be eligible for election.

The learned Advocate General confessed that the Rules were not very clear but wished us to adopt a view if we could which would reconcile the law to the existing state of things. He urged that the legislature must have been aware of the constitutions of these associations and chambers and that the draftsman who drew up the rules made the mistake of not making things clear. It was argued by him that since firms can only work through a representative it might be taken that the disabilities which can be predicated only of a natural person were meant to apply only to the representative of the firm. It was pointed out that in these commerce and industry constituencies there is no ballot and the electors need not appear in person and that the voting papers are sent to them and returned by them to the returning officer.

There is nothing necessarily unreasonable in firms being put on electoral rolls, being allowed to vote and nominate and being even candidates for election, but we venture to think that if this was the intention of the legislature, the legislature would have made rules to carry out the idea. Firms being artificial persons can only act through a natural person. The question is: did the legislature intend that the representative of a firm should be allowed to vote and stand for election without being on the Electoral Roll? Learned Counsels are really assuming that by Rule 8 read with Schedule II firms were meant to be electors and then asking us to interpret the other rules in this light. But if we consider the rules and the schedule, the qualifications with their provisos and explanations, the disabilities which electors must not be subject to and the rule that no votes shall be received by proxy, there is no escape from the conclusion that it is the partner or representative of the firm who should be on the roll and be able to stand for election.

We must not be led into absurdities. Females, lunatics, minors and aliens cannot be electors, but we are to hold that if they join with one another they should be "deemed" as electors. It was suggested by Mr. Bose that they may remain on the Electoral Roll thus formed as firms but the disabilities might be considered when they exercise their right to vote. The disabilities have to be taken into account under Rule 7 when persons are to be put on the roll or during the period allowed for objections thereto.

Consider for a moment again where the proposition that a firm can be a voter, will lead us. It is the elector eventually who becomes a member of the Council. Does the firm become member of Council? Certainly not. The candidate has to give the name of his father and his age and if elected he is to take the oath. If he dies, resigns or goes away, etc., the Constituency is called upon to elect another person. If the argument be that a firm is an elector then the firm is eventually the elected person and there is nothing to prevent the different members A, B, C of a firm sitting in the Council on different dates. Learned Counsel will not face the logical conclusion. It was argued by Mr. Bose that once elected the member is not bound to obey the commands of his Constituency. That is so, but if you say the firm is the elected person then why should not the firm exercise its right in Council through different representatives? Very likely in these Associations and Chambers firms act in this fashion. Different partners might vote on different dates. That is not possible in the Bengal Legislative Council. The elected person is there for the life of the Council. He has years and he has a father and he has to take the oath. Learned Counsels are therefore forced to admit that when it comes to the question of election to the Council the candidate must be a natural person. If we follow the rules down to the election the conclusion is that candidate must be on the Electoral Roll The question of an elector or a proposer or a seconder stands on the same footing.

With great respect to the learned Advocate General we cannot follow him in his contention. We cannot add and substract to bring the law into conformity with the way

the Electoral Roll has been prepared. "We are not entitled" said Lord Loreburn (Vickers and Evans 79 L. J. K. B955) "to read words into an Act of Parliament unless clear reason for it is to be found within the four corners of the Act itself." The learned Advocate General wishes us to leave out the proviso clause about residence in the schedule and leave out the disqualifications as affecting firms and add that this proviso and these disqualifications refer to a representative of the firm who is not himself on the roll. "Nothing is to be added to or to be taken away from a statute, unless there are adequate grounds to justify the inference that the legislature intended something which it omitted to express" (Tindal C. J. in Everett *vrs.* Wells 2 M and Gr. 277 and Lord Eldon in Davis *vrs.* Marlborough 53 R. R. 29).

It was mentioned that the contention of the petitioner if given effect to will cause great hardship. The hardship consists in the fact that in these commerce and industry constituencies firms have been put on the Electoral Roll. We learn that there are only three individuals on the roll of the Bengal Chamber of Commerce and one on the roll of the Trades Association. The electoral rules seem to provide for a revision when the roll is very defective. The argument of hardship is a dangerous one to listen to. Courts ought not to be influenced or governed by any notions of hardship. "They must look hardships in the face rather than break down the rules of law." (Jessel in Ford *vrs.* Kettle 9 Q. B. D. 139). Even if there were anything to suggest aliunde that it was the intention of the legislature to put firms on the Electoral Rolls we are not at liberty to speculate. Our business is to construe not what the legislature meant but what its language means. We expound but we do not improve the statute. We are to remember as Lord Bacon said that our office is "jus dicere" not "jus dare." The law as laid down in these rules is not unreasonable nor inconsistent nor unjust and the natural construction cannot be departed from merely because it may operate with hardship or injustice in some cases.

There is one sentence in the explanation to paragraph 13 of Schedule II which has been made much of. Let us repeat it. "Members, etc., include (*a*) in the case of a firm any one partner in the firm or if no such partner *is present in Calcutta at the date fixed for the election* any one person empowered to sign for such firm." It looks at first sight as if the legislature contemplated a fluctuating body. Mr. Bose argues that it gives power to a firm to put up a representative for election if a partner is absent from Calcutta. Logically it follows that even though some one else has been nominated, if he is absent on the date of election, the firm might put another person for election. The learned Advocate General thinks that this would be going too far and that at the date of the election, as only the right to vote is left, the firm might exercise the right to vote by a representative other than a partner. The meaning of the sentence has not been very clearly expressed, but we have to look to the rest of the statute to construe it. If the firm has already put forward a candidate who has been nominated but who has had to leave Calcutta, it cannot be that the firm can say that it will have some other representative in his place. The returning officer will under the rules reject him at once as not having been nominated at all. We have seen and it is conceded that when it comes to election the candidate must be an individual. The date of final publication of the electoral roll is not very long ahead of the election that is going to take place and the date for lodging claims can be extended by Reg. XI and our interpretation is that the sentence means that the firm would know beforehand if the partners are going to be away and they can put forward a person empowered to sign for such firm as the elector in the Electoral Roll. The word 'include' only enlarges the meanings of phrases and words and here it only extends the power of the firm to put forward a representative other than a partner. The very explanation if considered along with the rules shows that it is not the firm which is to be on the Electoral Roll but the partner or the representative. If the contention of the learned Counsel be correct the explanation was unnecessary.

We are fortified in this view by a consideration of the Electoral Rules in the other Provinces. We take them from Hammond's Book. Take Bombay—The rule for the local council is that "a person shall be qualified as an elector for a commerce and industry constituency whose name is entered in the list of members, for time being in force, of the association forming such constituency or who is entitled to exercise the rights and privileges of membership on behalf of, and in the name of, any firm or company or corporation entered in such lists of members." The Assam and C. P. Rules are precise and lay down that the person is to be authorised by the firm as well. It is clear that a natural person is meant. An examination of the Council of State Rules leads us to the same conclusion. In the Indian Commerce Constituency of Madras the Rule is "every Indian and one *duly authorised representative* of every Indian partnership shall be qualified.....if such person *has* resided in the Presidency, etc." Clearly a natural person is meant.

In the very Schedule II of the Bengal Electoral Rules in the earlier part a distinction is drawn between a person and a firm and in cases of joint families it is laid down that the person qualified is the manager of the family. All throughout therefore it is the individual who can vote and who can stand for election. We hold therefore that the petitioner's contention must prevail. Mr. Chakravarty's name not being in the Electoral Roll, he was not properly nominated. We hold that the election of Mr. Byomkesh Chakravarty was null and void and that it should be set aside. We are of opinion that a fresh election should be held to fill the vacancy so caused.

No evidence has been produced before us as to the actual votes given and we are therefore not in a position to hold that any votes should be rejected because such votes were given by companies and firms. It has transpired, however, that the Bengal National Bank, Limited, nominated Mr. Chakravarty to contest the seat and empowered Mr. B. N. Banerjee to vote for the Bank. Mr. Bose argues that there is nothing to prevent a firm from exercising these separate rights. It is sufficient to say that in the view we come to the person who can exercise the right to vote must be on the roll and the procedure was incorrect.

Issue No. 5.—It was pointed out that the Electoral Rolls were prepared sometime ago. The rules contemplate the filing of objections. No objection was taken by the petitioner then or before the returning officer. All parties proceeded upon the basis that there was a valid nominated paper. The petitioner courted the election and has now come forward with his objection only after he has been unsuccessful. However morally wrong he may be, it cannot be said that there is any waiver. There is no question of estoppel. The petitioner does not seem precluded from raising his present objection. It is an objection which could be taken by any elector of that constituency. The objection goes to the very root of the matter. The Electoral Roll is final in certain matters, *e.g.*, qualifications, but the question whether there is any disenfranchisement by the statute itself is one which can be raised before the Election Court (Stowe *vrs.* Joliffe 1874 L. R. 9 C. P., p. 750). The issue is therefore decided in favour of the petitioner against the respondent.

It was suggested that in the event of our coming to the conclusion that firms cannot be electors the whole election should be set aside. We are unable to accede to this request. As stated before, the case was not pressed against Raja Rishee Case Law and we do not think that we should touch his case. We think that on the pleadings and the placed before us the election of Mr. Byomkesh Chakravarty only should be set aside.

In the circumstances of the case we recommend that the parties do bear their own costs.

RESOLUTION.

The Governor General in Council, with the sanction of His Majesty's Secretary of State for India, is pleased to direct that the following further amendments shall be made in the rules for regulating the grant by Local Governments of licenses to prospect for minerals and of mining leases in British India, published with the Resolution of the Government of India in the Department of Commerce and Industry, No. 7552-7581—121, dated the 15th September 1913, as subsequently amended.

(1) For rule 49 substitute the following :—

"49. The term for which a mining lease may be granted shall not exceed 30 years, but the lease may contain a clause permitting renewal for a period not exceeding 30 years on a dead and surface rent not exceeding twice the original dead and surface rent, respectively, the royalty payable being that which may on the day next following that on which the original lease shall determine, be in force under the orders of competent authority; in the case of iron-ore the original lease may also contain a clause permitting a second renewal for a further period not exceeding 30 years on a dead and surface rent not exceeding twice the dead and surface rent, respectively, fixed for the first renewal of the lease, the royalty payable being that which may on the day next following that on which the first renewal shall determine be in force under the orders of competent authority."

(2) For rule 50 (*ii*) substitute the following :—

"50 (*ii*). The lessee shall also pay for every year after the first year a fixed yearly dead rent at a rate not less than that laid down in Schedule C in Part IV of these rules; provided that no lessee shall pay both royalty and dead rent in respect of the same lease, but only such one of them as may be of the greater amount; and provided further in the case of leases for iron-ore that when a lessee is granted more than one such lease he may, if he so desire, claim that for the purpose of determining whether royalty or dead rent is payable, all such leases granted to him shall be treated as one concession. In that event he shall be liable to pay dead rent only when the sum of the royalties paid by him in respect of such leases for the year is less than the sum of the dead rents assessed under those leases or is less than such other amount as the local Government, having regard to the circumstances of the case, may fix as the combined dead rent in respect of all the leases; and the amount of dead rent so payable shall be the amount by which the sum of the royalties paid for the year falls short of the sum of the dead rent or the combined dead rent so determined."

(3) For rule 50 (*viii*) substitute the following :—

"50 (*viii*). Unless good cause exists for exemption from this condition, a question on which the decision of the Local Government shall be final, the lessee shall commence operations within one year from the date of the execution of the lease and shall thereafter carry them on effectually in a proper, skilful and mining-like manner. Should the lessee cease without such cause to work the mine for a period exceeding two years in such a manner as to produce sufficient mineral to earn a royalty at least equal to the dead rent, it shall be deemed a breach of this condition.

Note.—For the purpose of the first part of this condition such measures as the erection of machinery for the purposes of working the mine, although not necessarily on the land covered by the lease, or the construction of roads or tramways in connection with the mine, shall be deemed to be sufficient compliance with the requirement of commencing operations."

(4) In Schedule A for the item "Iron" substitute the following:

Iron-ore intended to be used for the extraction of iron.	One anna per ton of iron-ore during the year* for which the tariff valuation of imported pig-iron has been fixed at Rs. 65 per ton or less. When the tariff valuation exceeds Rs. 65 one anna will be added to the royalty rate for every increase of Rs. 15 or part thereof in the tariff valuation. Should the tariff valuation of pig-iron become fictitious owing to the cessation of imports or to any other cause, a point on which the decision of the Government of India shall be final, the market value of pig-iron for the purpose of the assessment of royalty shall be determined by the Government of India.

* *Note.*—Tariff valuation is fixed in December for the following calendar year, but the Local Government may, at their discretion, assess the royalty for the financial year beginning on the 1st April on the basis of the tariff valuation fixed in the preceding December.

Iron-ore in Burma when intended to be used solely for fluxing purposes.	Half anna per ton of iron-ore.

ORDER.—Ordered, that a copy of this Resolution be forwarded to all Local Governments and Administrations for information and guidance, and that a copy be forwarded to the Foreign and Political Department and the Department of Education, Health and Lands, to Chambers of Commerce, to the Director, Geological Survey of India, and to the High Commissioner for India, for information.

ORDERED, also, that the Resolution be published in the Supplement to the *Gazette of India* for general information.

Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from 1st July 1924, but a scholarship may be renewed from year to year, up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application, through the head of the institution in which he last studied, to the Director of Public Instruction, Bengal, on or before 10th May next, and must produce evidence of having passed from a college or other institution in Bengal the M.A. or M.Sc. examination of Calcutta University or of having obtained some other equivalent or higher degree, such as Doctor in Science or Master in Engineering of Calcutta University in 1921 or 1922 or 1923. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 21st February 1924 :—

No. 12 OF 1924.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code ; It is hereby enacted as follows :— XLV of 1860.

Short title. **1.** This Act may be called the Indian Penal Code (Amendment) Act, 192 . XLV of 1860

Amendment of section 375, Act XLV of 1860. **2.** In section 375 of the Indian Penal Code, in the clause marked *Fifthly* and in the *Exception*, the word " fourteen " shall be substituted for the word " twelve."

STATEMENT OF OBJECTS AND REASONS.

The Indian Penal Code, as originally enacted, prescribed ten years as the age of consent for sexual intercourse in the offence defined in section 375 of the Indian Penal Code. By the Indian Criminal Law Amendment Act (X of 1891), this age was raised to 12. In the last Assembly Mr. Bakshi Sohan Lal brought forward a Bill to raise this age from 12 to 14. It was defeated on its second reading. I revived his Bill in the July Session of the last Assembly, but the President ruled that, though I was in order in introducing the Bill, I would be out of order in taking it to a Select Committee. In this view the House rejected my motion.

The necessity for protecting minor children from illicit connection before maturity is obvious. Books on Medical Jurisprudence establish the fact that the age of puberty in India is attained by a girl upon her reaching the age of 14. Even though puberty may be reached at that age, it is obvious that girls are unfit for sexual cohabitation till they are older and more developed in physique and strength. The appalling infant mortality in the country is partially ascribed to early marriages and the consummation which follows with immature girls. It is, therefore, necessary not only for the protection of minor girls as also of their progeny that the age of consent should be raised to at least 14 years. This Bill is intended to provide for it. As the Bill has already been published and opinions of the Local Governments and the public collected, it will not be necessary to circulate it for eliciting public opinion, nor will it be necessary to refer the Bill to a Select Committee, as there is nothing that the Select Committee can alter, and the House as a whole has to decide whether it is or is not in favour of raising the age of consent from 12 to 14.

(b) in sub-section (2), for the words "shall be entitled to the refund of any passage-money he may have paid, subject to any conditions or deductions which may be prescribed" the following shall be substituted, namely :—

Provided that, for the purpose of computing the said period of thirty days, no period shall be taken into account during which the ship is prevented from carrying pilgrims on the return passage by reason of the port of Jeddah having been

declared by proper authority to be infected or by reason of war disturbance or any other cause not arising from any act or default of the master, owner or agent.

Amendment of section 245, Act XXI of 1923.

10. In sub-section (2) of section 245 of the said Act, after clause (b) the following clause shall be inserted, namely :—

"(c) the charging of fees for the grant of the certificate referred to in sub-section (4) of section 243, the amount of such fees and the manner in which they shall be recoverable."

STATEMENT OF OBJECTS AND REASONS.

For some years past the repatriation of destitute pilgrims from Jeddah has been a source of anxiety and recurring expenditure to the Government of India. The welfare of the Indian pilgrims, as a whole, has also been endangered by the presence amongst them of those who had not the means to perform the pilgrimage. Various attempts have been made from time to time to arrive at a solution of the problem on a voluntary basis but without success In March, 1923, the Central Haj Committee resolved that, in view of the experience gained, the best remedy was to institute a system of compulsory return tickets, if necessary by legislation. The Government of India are convinced that a solution on the lines of compulsory provision for the return journey is the only one which will prove satisfactory. Clause 6 of the Bill is intended to give power to prescribe that no pilgrim, who intends to return to India after performing the pilgrimage, shall be allowed to leave from any port in British India unless he is in possession of a return ticket, or has deposited a sufficient sum to meet the cost of the return journey. Clause 8 deals with the period for which a return ticket is to be valid and the period of detention at Jeddah within which a pilgrim must be provided with a return passage. Clause 9 is intended to give the Governor General in Council a general rule-making power to regulate matters arising out of the introduction of a system of return tickets or deposits and to ensure their satisfactory working.

2. It is also proposed to take advantage of this opportunity to amend the relevant sections of the Indian Merchant Shipping Act, 1923, so as to dispense with obligatory call of pilgrim ships at Aden which is no longer necessary under modern sanitary conditions. Clauses 2, 3 and 4 of the draft Bill give effect to this proposal. Clause 5 of the Bill is intended to empower Local Governments, with the previous sanction of the Governor General in Council by notification in the local official Gazette, to declare a period within which the carriage of pilgrims from a port in British India shall be unlawful. This provision is designed to prevent pilgrim ships from sailing after due date and thus to save pilgrims from the disappointment of arriving too late.

3. The Indian Merchant Shipping Act, 1923, does not at present permit the levy of any fees for inspection of the wireless installations on vessels. Recently fees for inspection where the installations have been found to be out of order have been imposed in the United Kingdom by the Board of Trade. It is proposed to take similar powers to permit the levy of fees in India under section 245 of this Act, and clause 10 of the Bill is intended to secure this object.

IRRIGATION DEPARTMENT.

NOTIFICATION.

No. 161.—The 14th April 1924.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make the following revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, with effect from the 10th May 1924, in supersession of all previous notifications on the subject:—

Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhanga khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 71. of the 22nd July 1922.

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements:—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches: the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed: Provided that the Superintending Engineer of the Southern Circle may at his discretion permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas four : Provided that for tickets on which the total tollage is less than five rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eights annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board whom the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle, from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on those concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspapers.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and Chitpore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopore Canals. PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

THE following Bill was introduced in the Legislative Assembly on the 27th February 1924:—

No. 15 OF 1924.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for certain purposes hereinafter appearing; It is hereby enacted as follows:— V of 1908

Short title and commencement.

1. (*1*) This Act may be called the Code of Civil Procedure (Amendment) Act, 192 .

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Insertion of new section 44A in Act V of 1908.

2. After section 44 of the Code of Civil Procedure, 1908, the following section shall be inserted, namely:— V of 1908.

Execution of decrees passed by British Courts.

"44A. Where a certified copy of a decree of His Majesty's High Court of Justice in England or in Northern Ireland, or of the Court of Session in Scotland, or of any Court established in any other part of His Majesty's Dominions which the Governor General in Council has, by notification in the Gazette of India, declared to be a Court of superior jurisdiction for the purposes of this section, has been filed in a District Court, the decree may be executed in British India as it is had been passed by the District Court."

STATEMENT OF OBJECTS AND REASONS.

At the Imperial Conference held in 1911 the following resolution was adopted :

"That the Imperial Government should consider in concert with the Dominion Governments whether, and to what extent, and under what conditions, it is practicable and desirable to make mutual arrangements with a view to the enforcement in one part of the Empire of judgments and orders of the Courts of Justice in another part, including judgments or orders for the enforcement of Commercial Arbitration Awards."

Part II of the Administration of Justice Act, 1920 (10 & 11 Geo. 5, Chapter 81), was enacted in consequence of that resolution. In accordance with its provisions judgments obtained in a superior Court in any part of His Majesty's Dominions to which this part of the Act applies may be executed by the High Court in England or Ireland, or by the Court of Session in Scotland. Under the provisions of section 14 of the Act, Part II is applied to portions of His Majesty's Dominions outside the United Kingdom in which reciprocal provisions have been made by the Legislature by His Majesty by Order in Council. The object of the present Bill is to enact reciprocal provisions to enable Part II of the Administration of Justice Act, 1920, to be extended to British India.

2. At the present time, in view of the provisions of section 44 of the Code of Civil Procedure, 1908, the decrees of certain Civil or Revenue Courts in Indian States which are notified by the Governor General in Council, may be executed in British India, and it has been considered advisable that the reciprocal legislation proposed by the Bill should follow, as closely as possible, the provisions of that section.

3. The Bill provides that decrees of His Majesty's High Court of Justice in England or in Northern Ireland or of the Court of Session in Scotland shall be capable of being executed in British India when certified copies of them have been filed in a District Court. Decrees of Courts established in other parts of His Majesty's Dominions will not be capable of execution in this manner until a notification has been issued by the Governor General in Council, and such a notification would not be issued until reciprocal legislation has been passed which would enable the decrees of superior Courts in India to be executed there. In sub-clause (2) of clause 1 of the Bill it is provided that the Act shall come into force on a date to be appointed by the Governor General in Council, It is proposed to bring the Bill, if enacted, into force when the provisions of Part II of the English Act have been extended to British India by His Majesty by Order in Council.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third Forecast of the Wheat Crop of Bengal, 1923-24.

NOTE :—On an average of the five years ending 1921-22, the area under wheat in Bengal has represented some 0·4 per cent of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1921-22, averaged (*a*) 44·8 and (*b*) 18·2 per cent. respectively.

Character of the season.—Since the issue of the second forecast at the end of February last, the crop is reported to have further deteriorated in the districts of Dinajpur, Jalpaiguri, Dacca, Mymensingh and Faridpur as a result of prolonged drought. The outturn is now lower than that of the year 1921-22 when an unprecedented drought occurred.

Area sown.—According to District Officers' estimates, the total area sown amounts to 120,400 acres this year as against 124,400 and 124,800 acres reported respectively in the third and final forecasts of last year.

Outturn.—From the district estimates the provincial outturn works out at 63 per cent. of the normal this year against 75 per cent. reported, both in the third and final forecasts of last year.

Taking the normal yield to be 8½ maunds per acre, the gross yield of the crop for the province is estimated at 23,200 tons this year as against 28,600 and 28,700 tons reported, respectively, in the third and final forecasts of last year.

R. S. FINLOW,
Director of Agriculture, Bengal (offg.).

DACCA, *the 8th April 1924.*
